IT'S THE LAW!

Why It's More Than Just a Move

"We are always going somewhere else" - Natasha Tsakos

That quote is certainly true of many of the clients who walk through our doors. They are going somewhere else: planning for a future they aren't in (Estate Planning); moving away from a relationship that no longer works (Divorce); buying or selling what will be or was their home (Real Estate). I am grateful when I am chosen to help people through their life changes, struggles and joys. That's why these three key areas of our firm's practice – *Estate Planning, Family Law and Real Estate* – are never boring, never unimportant.

But, like lots of other people, I find it easier to help someone else with their life changes than to deal with my own life changes. That was the case with the transition we've experienced at JUPITER LAW CENTER in the last year and a half. 2018 was a year of big changes in our firm: it started with hiring new talent in the office, from attorneys to legal assistants to a full-fledged office administrator as we experienced continued growth of the practice. It ended with a move from our office of the last ten years, as we had outgrown that space and bought a bigger office with room for future expansion.

So, for the second time in 30 years, we moved and 2019 began with us unpacking boxes in the RiverPlace Professional Center. Still on Indiantown Road, our new address is 1003 West Indiantown Road, Suite 210. It's just east of and across the street from our old office, on the north side of the street. We spent the last few months making it feel like home, and I hope you'll have a happy reason to come see us here.

From Chasewood Plaza to Jupiter Creek Professional Center; from single attorney and paralegal to a team of 11 now, the changes keep on coming. But, as the saying goes, *"the more things change, the more they stay the same"* – and JUPITER LAW CENTER is still the place to come when you want accessible, honest, common sense legal advice on a variety of legal topics that affect your life. And, as the changes continue in all of our lives, one thing that doesn't change is my love of helping people as well as the belief that what happens at JUPITER LAW CENTER is important. I hope you agree and continue to think of us first when you need any legal advice. Meanwhile, may the change that affects your life in 2019 be only for the better.

"Mother always complains she's just part of the furniture."

Is a move in your future?

If you are planning a move this summer, don't forget to safeguard your important Estate Planning documents. We receive calls regularly from clients who have misplaced their *Wills* and/or *Trusts*, *Final Judgments* of Divorce, *Deeds*, and other critical paperwork in the move process.

Investing in a home Safe or using a Bank's Safe Deposit Box insure that you don't lose your important documents in the madness of moving so that you/your loved ones can locate these critical documents if and when they are needed.
