IT'S THE LAW!

**NO MATTER WHERE YOU ARE,
WE ARE NEVER TOO FAR**

When **JUPITER LAW CENTER** opened its doors over 35 years ago, today's digital world was a sci-fi fantasy. Until a few years ago, our clients lived and/or worked - for the most part - near our office. We were a "neighborhood law firm". Not anymore. As technology advanced, we integrated the best ideas into our practice to enhance, streamline and simplify the legal process. What really pushed us to the next level however, was the COVID pandemic when we had to pivot to virtual services. Like many businesses, we found once life went back to "normal", clients still wanted some virtual capabilities and we could still use technology to enhance our clients' experience. As a result, we now work throughout Florida, even as we retain our "neighborhood law firm" feel.

Here's a glimpse of some of the newer technology we use to better serve you:

- 1. Virtual Consultations via Zoom.** Time and distance are no longer barriers to communication. Our firm utilizes Zoom to conduct virtual video-conference meetings with clients. From Miami to Pensacola, we are now just a click away. Formerly, clients who moved to a different part of Florida, or who had relatives elsewhere, had to find another firm in that locale. No more. We now continue our long-term relationships, and build new ones with family and friends in other parts of the state, by meeting via Zoom.
- 2. E-Filing and Paperless Workflow.** Gone are the days of snail mail filing and waiting for the return response. Through electronic filing (e-filing) systems, we efficiently submit and manage legal documents online throughout Florida, ensuring swift processing and reduced paperwork. Additionally, because many Courts have converted to using Zoom (see #1 above!) for Hearings, we now can handle more matters throughout the state without having to travel (and charge you for attending). This allows us to navigate the Courts more rapidly and to work anywhere in Florida.
- 3. Secure Document Storing and Sharing.** Protecting your sensitive information is of paramount importance. Our firm offers digital solutions for creating, storing, managing and sharing your documents securely, while maintaining confidentiality and giving you peace of mind for the future. If a client is traveling, or someone is in the hospital who can't access their records, we are able to send PDFs of their documents using our secured platform. No problem!
- 4. Newsletters.** Our quarterly e-Newsletter notifies you of important changes in the law, trends and general practical information, giving you instant access to the most current information in the ever-changing legal landscape.

5. Website. Empowering our clients with knowledge is crucial. Our website features a wealth of comprehensive legal resources, past Newsletters and FAQs to help you better understand everything about your legal world. If you haven't seen our website lately, check it out as we have added a lot of new faces as well as updated content to better serve you.

At **JUPITER LAW CENTER**, we see how embracing technology has enhanced our ability to serve you better. While we still pride ourselves on and enjoy maintaining the in-person connections and family atmosphere that made you come to us (and stay with us) in the first place, integrating some of these new-fangled digital tools has allowed us to expand our reach beyond little ol' Jupiter.

If you have any questions or would like to schedule a virtual consultation, please don't hesitate to reach out to our team. We look forward to continuing our relationship and continuing to be your *Lawyers for Life!*

ADAM S. GUMSON is the principal attorney at **JUPITER LAW CENTER**, a neighborhood law firm established in 1988 with a long history of helping clients in the northern Palm Beach County area as well as throughout the entire state of Florida. Adam and his team are innovative in thinking, warm in approach and provide practical, common-sense legal advice. He graduated from *Duke University (1988)* and the *University of Florida College of Law (1991 with Honors)*. He has taught Adult Division law classes at *Jupiter High School* and coached JTAA youth basketball and/or football for 30+ years and believes that his involvement in these and numerous other community activities has given him insight into the pulse of the community, enabling him to better serve all of his clients, wherever they may be located. On a personal note, Adam resides in Jupiter with his wife Lissa and three children and is a passionate basketball "junkie" (playing, coaching and watching), golf hacker and movie buff.
